**Cristina Montes : Cafes - Designers Design (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cafes - Designers Design (Spanish Edition):

0 of 0 people found the following review helpful. WOW!By The BugI read various books on cafes and coffee. This one is the best. Besides being fully bilingual (English / Spanish), it gives a snapshot of different coffee histories. Fully illustrated on different coffee houses around the world, those illustrations are detailed and super! I fully recommend this book on coffee, although it seems to be getting out of stock.
