Cindy Rinfret : Classic Greenwich Style before purchasing it in order to gage whether or not it would be worth my time, and all praised Classic Greenwich Style:

The photos of her work (and her work) are excellent, but the text is sophomoric at best. The number of self-aggrandizing "I" statements led me to abandon reading midway through the second chapter and just peruse the photos - which is the only reason to buy this book.3 of 3 people found the following review helpful. For freshness, look elsewhereBy David R. G.This contains some nice Greenwich area scenery, but that is its only positive point. The author does not always understand that patterns must be interspersed with solids to avoid busyness. So many of the rooms fall under the rubric "well-to-do American family home c. 1957." As others have noted, text is generality-laden. Home exterior photos are sometimes OK, sometimes not, and sometimes missing.3 of 3 people found the following review helpful. not worth the moneyBy Bird- CampbellAll of the houses look alike. The

photo's are staged, poorly. Same slippers used in several photo's. If you look at one house, you've seen them all.

Greenwich, Connecticut, has a mystique all its own. It epitomizes the suburban tradition in America, with houses that are among the country's most beautiful examples of colonial, Tudor, and English country style. This book offers a glimpse into homes that are "quintessentially Greenwich" that capture the classic style and tradition of houses that are stately and reflect a life well lived. With their handsome facades and elegant yet comfortable interiors, these homes have provided inspiration to decorators and homeowners nationwide. In this richly illustrated volume, celebrated interior designer Cindy Rinfret provides entre to the beautiful homes she has crafted with her exquisite eye for detail and unique decorating sensibility: a warm blend of color; contemporary materials with traditional shapes; antiques with inexpensive pieces; English-style furnishings with family heirlooms. All-new photography walks the reader through the twelve homes in the book, from their long, tree-lined driveways through their gracious entryways and into their elegant yet comfortable rooms. By opening these doors, Rinfret lets us inside an intimate and exclusive world and shows how people who covet the look and style of Greenwich can create it for themselves.

"Over ten photographers have showcased her work in this beautiful volume that can be poured over again and again." -- Feb METROSOURCE NY "beautiful photographs" -- Mar ATLANTAN About the Author Cindy Rinfret is the owner of Rinfret Ltd., a leading design firm in Fairfield and Westchester Counties.
